

3-way Conference Call on NEC Phones

Step 1: Pick up **handset** or press **Speaker** button

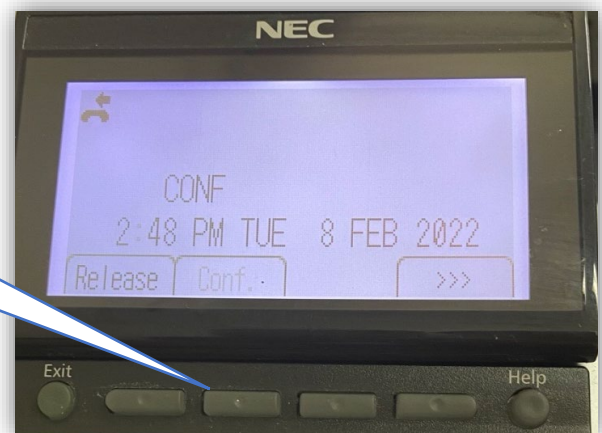

Step 2: Call the first party i.e. the interpreter (*dial 0 first for external numbers)

Step 3: Once connected to the interpreter, press **Transfer** button

Step 4: Dial the 2nd number i.e. the patient (*dial 0 first for external numbers)

💡 If the 2nd caller did not answer, press **Transfer** key to come back to the 1st caller; press **Transfer** key again to re-dial the 2nd caller.

Step 5: Once the 2nd person answered, press the **Soft key** under the icon **Conf.** on the screen.

You have now connected a 3-way conference call.

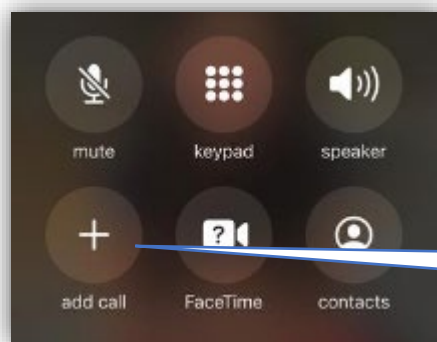

When you finish the call, simply hang up.
